

TURKEY BREAKS WITH GERMANY

PROGRESS OF ALLIES IN SOISSONS--RHEIMS SALIENT CONTINUES

Franco-Americans Still Press Forward Vigorously—Present Success Means That We Must Redouble Our Efforts, Says Baker—War Just Beginning So Far As U. S. is Concerned.

BULLETIN
WITH THE FRENCH ARMY IN FRANCE, July 29.—By the Associated Press.—A decidedly sharp attack delivered by the allies at dawn today north of the Ourcq river made another deep dent in the German line. Numerous prisoners were taken. As far as reported up to the present the front was pushed forward to the wood lying about 1500 yards north of the village of Grand Rozoy, which also was taken.

The heights north of Grand Rozoy are now in allied hands, and the advancing troops are approaching the dominating hills numbered 205 and 208, which in the distance overlook Fismes, where the Germans have large concentrations of stores. Further to the east the allied troops have crossed the Ourcq at several places, and taken Corbeny Farm, southwest of Saponay.

The enemy artillery is replying only feebly to the allied attacks.

WASHINGTON, July 29.—French and American troops were still pressing forward vigorously today the campaign that had up to this time ejected the enemy from more than half of the Aisne-Marne salient. Belated announcement from Berlin that further withdrawal had been in progress since last Friday night left it greatly in doubt as to where the German high command plans to make a stand. The majority opinion among officers, however, was that a strong line could not be set up short of the Vesle river and that even there the Franco-British positions about Rheims would keep the German left flank in constant danger. There was a strong feeling that the eventual line resulting from General Foch's bold counter-strokes would be on the Aisne.

Officials are elated over the fine showing which is being made by American troops. The report that the Prussian guard division had met a stonewall defense that gave not an inch to the assault of these picked troops added to that feeling. Secretary Baker however indicated that the war department has no false conception of the importance of the present victories, encouraging as they are. It is fully realized that the war is just beginning, so far as the United States is concerned and that no effort must be spared to speed up war preparations.

"The progress of the allied armies in the Soissons-Rheims salient is continuing," Secretary Baker said today. "Substantial gains were made on both Saturday and Sunday. It is fortunate our people are accepting this success with a true measure of its significance. It is of course a cause for congratulation and rejoicing; but would by no means justify any relaxation of our effort. It means that we must redouble our effort."

In support of this view, there are indications that Mr. Baker will discuss with chairman of the house and senate military committees probably this week, his enlarged army projects, upon which he has been laboring for some weeks.

Mr. Baker said today his plans were not quite completed. The plans include primary extension of age limits for draft liability, additional appropriations for army mobilization on an enlarged scale are known to be included. Already six new divisions have been ordered formed in the United States and others will be created at an early date to supplement the flow of replacement men thru the replacement division machinery. Just how large an army it is proposed to build up on this side of the ocean is not known. A careful review of the manpower situation has been made by Provost Marshal General Crowder as the basis of the recommendations on draft age changes Mr. Baker will make. General Crowder is credited with believing that all men between 18 and 45 years should be brought within the draft, but it appears probable that formal plans of the war department will not go quite to that limit in either direction. The age limits most generally set by those endeavoring to determine in advance Mr. Baker's attitude are 19 to 36 inclusive. Lowering of the draft age is expected to meet with opposition in congress altho raising of the age is said to be generally favored.

Principal Progress Made On Left Flank
PARIS, July 29.—The allied forces continued to gain ground at almost all points on the Soissons-Rheims salient today, but the principal progress, according to the war office announcement tonight was on the west flank and around Fere-en-Tardenois. Numerous villages fell into the hands of the allies.

The statement says:
"The day was marked by very violent engagements along the whole front north of the Marne. The enemy, whose resistance was powerfully increased disputed ground with us foot by foot and attempted to force us back by numerous counter-attacks. Our troops repulsed all assaults and made new progress. On the outskirts of the village of Buzancy, Scottish troops captured the park and chateau and maintained their positions despite the repeated efforts of the Germans. East of Plessier Huleu and Oulchy-le-Chateau we advanced beyond the Chateau Thierry road and captured Grand Rozoy and Cugny; we occupied in the course of a brilliant action the Butte Chalmont. Four hundred and fifty prisoners remained in our hands. On the right bank of the Ourcq river we extended our gains north of Fere-en-Tardenois and penetrated into Sergy. Farther south, Roncheres fell into our power." (Continued On Page 4)

WAR SUMMARY

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

Notwithstanding the fact that the Germans have powerfully strengthened their battle line running across the Soissons-Rheims salient with additional fresh reserves and have stubbornly disputed further passage northward to the entente allied troops, the enemy front has been compelled to bend back appreciably on all sides of the salient except at the anchor points resting immediately on Soissons and Rheims.

South of Soissons further wedges have been driven eastward into the enemy front down to the Ourcq river; eastward along the Ourcq-French and American troops have crossed the stream at various points and advanced their line well to the northward, while southeast of Rheims the allies have debauched from the wooded sectors and gained the plains, notwithstanding the violence of the enemy's counter maneuvers. At some points the Germans succeeded somewhat in checking the forward movement, but nowhere were they able to bring it to a standstill.

The retirement of the Germans still remains orderly, the allied troops and especially the Americans near Fere-en-Tardenois are pressing them hard. Particularly bitter fighting has taken place around Fere-en-Tardenois and Sergy, both of which towns are now well in the hands of the French and Americans. At Sergy the Germans paid the Americans the compliment of reinforcing their battle line with two divisions of well tried Bavarian troops, men whose courage previously has been tested when the tide of battle was going against the Germans. It was an effort either to destroy the Americans or to herd them back across the Ourcq. The effort resulted in failure.

The battle line shifted back and forth, and Sergy changed hands four times, but the Americans proved to be the masters of the picked enemy troops and finally drove them out and retained the village.

Heavy casualties were inflicted on the Germans. The fighting in Fere-en-Tardenois also was of a sanguinary character, the opposing forces fighting in close contact thru the streets of the town, but with the Germans being gradually driven back under the machine gun and rifle fire of the French and Americans, or left weltering in their blood from contact with the cold steel of the allied bayonets.

Immediately south of Soissons, on the western edge of the salient, the Germans strove heroically to hold back their enemies in order to prevent the further flanking of Soissons and the possible cutting off of large forces of their men fighting along the Ourcq south of Oulchy-le-Chateau. Scottish troops, however, captured positions in the outskirts of Buzancy, just to the west of Soissons-Chateau-Thierry road, while further south the French overcame the resistance imposed against them, crossed the high road and took Grand Rozoy and Cugny and the Butte Chalmont.

Southeast of Soissons, well inside the salient and at present far outside the immediate battle zone various towns and villages along the Soissons-Fismes railroad are said to be in flames. This seemingly would indicate that the retirement of the Germans from the big pocket is to proceed still further northward before they intend to halt it, face about and give battle to the allied troops along a chosen line. If the retreat of the west is to be carried beyond the Soissons-Fismes line it seems highly probable that it is the intention of the Germans to make their stand from Soissons eastward along the Aisne to the Vesle river and thence southeastward to Rheims.

British troops on various sectors in Flanders and Belgium continue their harassing tactics against the German front. Near Morlairecourt in the Aisne sector the Australians have taken several lines of trenches, captured a fairly large number of prisoners and inflicted heavy losses on the enemy during counter attacks. Near Gavrelle, which lies northeast of Arras, Canadian contingents, likewise, have carried out a like enterprise and captured prisoners.

Reports are to the effect that discord has arisen between Germany and Turkey, and that relations between the two countries have been severed. While there is no confirmation of the report, rumors have been current for some time that bad feeling exists between Turkey on the one side and Bulgaria and Germany on the other, owing to the cession of the Dobruja region of Roumania to Bulgaria.

Kewanee, Ill., July 29.—Mrs. Fred Cable of Galva, was instantly killed near here today when an automobile in which she and her family were riding crashed into a concrete bridge.

TO INVESTIGATE CRITICISMS OF U. S. AIRPLANES

DeHaviland Air Machines are Said to Fail in Tests

WASHINGTON, July 29.—Criticism by General Pershing on a number of the DeHaviland airplane now the principal output of American factories are being investigated simultaneously by Secretary Baker and the senate committee inquiring into aircraft production. After Secretary Baker's statement last week to senate committee members that General Pershing had sent a cablegram criticizing DeHaviland machines sent him from this country, suggesting changes and disapproving features both of design and construction, the senate committee arranged to re-open its hearings tomorrow for further inquiry into the DeHaviland type.

Three army officers in charge of testing DeHaviland machines made at the Wright Plant at Dayton, Ohio, have been subpoenaed to appear tomorrow. The committee also plans to call other witnesses with the prospect that its hearings which had been closed will continue for a week or ten days and delay the final report which had been planned within a fortnight.

Criticism of the DeHaviland plane, according to senate committee members who discussed the question with Mr. Baker and General March, chief of staff at the weekly conference last Saturday, have come not only from General Pershing but from other officers prominently identified with the flying service as well as from American aviators and aeronautical engineers who have seen the British design of DeHaviland and the American redesigned type in action. Weakness of the wing fabric which is said to have caused several fatal accidents; "weakening" of structural parts by excess of steel bolts and deficient fuel capacity are some of the criticism made against the American design. The military subcommittee's investigation of DeHaviland production members said has not yet developed that any of the criticisms made against the Americanized type are well founded.

U. S. GOVERNMENT SEIZES HEYDEN CHEMICAL WORKS

Second Largest Plant of Its Kind in This Country

WASHINGTON, July 29.—Seizure of the Heyden Chemical Works at Garfield, N. J., second largest corporation of its kind in the United States with exclusive right to use many valuable German patents, processes and formulas for the making of Salol, Sodum, Salicylate, Saccharine and other byproducts of carbolic acid, was announced today by alien property Custodian Palmer. The plant will be operated for the government, Mr. Palmer said and the patents and formulas Americanized.

The Heyden Works which did a business of \$4,000,000 last year were taken over, the custodian said, after an investigation by Francis P. Garvan, director of the bureau of investigation in the alien property custodian's office, revealed that it was owned by the Chemische Fabrik von Heyden of Radebeul, Germany, the largest chemical company in the world, and that an effort to conceal the real owner had been made in 1916, by George Simon of Brooklyn, N. Y., representative of the German company, aided by T. Elliott Hodgskins, an attorney of New York City.

Simon, who is a German subject, organized the Heyden concern in 1900 with a capitalization of \$10,000, which was later increased to \$150,000. Of the 750 shares of stock, Mr. Palmer said, the German company received 745 in consideration for the secret formulas and patents.

Hodgskins, Mr. Palmer said, not only obtained control of the company but had caused himself to be elected president by the board of directors and fixed his salary at \$15,000 a year.

SCOTT COUNTY ENLISTED MAN KILLED IN INDIANA

Irwin Camera Meets Death When Army Motor Truck Goes Over Embankment—Other News of Winchester and Vicinity.

Winchester, July 29.—Word was received here today of the death of the third Scott County boy in the Nation's military service.

Irwin Camera, son of Mr. and Mrs. Jesse Camera, residing between Alsey and Glasgow, paid the supreme sacrifice for his country, when the army motor truck on which he was riding between Detroit and the Atlantic coast, crashed over an embankment on a highway in Indiana.

A telegram received from the captain in charge of the transport service in which Camera was enlisted, stated that the body would be shipped from Indiana at nine o'clock Tuesday morning.

Deceased is survived by his parents, two sisters Mrs. Chester Tankersley and Mrs. Grover Burns of the northern part of the state; three brothers, Robert of Winchester, John of Beards-town, and Roy of Canton.

Mrs. Earl Welch returned Saturday to her home in Chicago.

James Andell left Sunday afternoon for Naylor, Mo., called there by the serious illness of his son-in-law, William Grey.

Mr. and Mrs. George Buckley returned to their home in Beards-town Sunday.

Mrs. Newton Dawson returned Sunday afternoon after a visit with relatives in Beards-town.

Mrs. Bertha Rutschke of White Hall is visiting her mother, Mrs. Julia Bierbrauer.

Mr. and Mrs. Robert Cooper and son, George, and Mr. and Mrs. Ernest Cooper of Manchester were visiting relatives here Sunday.

Mrs. Alonzo Ellis of White Hall returned Monday morning after a short visit with relatives here.

Mr. and Mrs. Harry O'Donnell arrived Monday noon from Camp Taylor. Mr. O'Donnell is on furlough and expects to make a short visit with relatives here.

Gale Owing arrived from Galesburg to visit his parents, Mr. and Mrs. George Owings.

Mr. and Mrs. Herbert Brown and niece of Milton, Mrs. William Roten of New Salem, and Miss Lillian Maines of Pittsfield were guests Sunday at the home of George Paul and mother.

Word from Our Savior's hospital in Jacksonville states that Edward Cooper is improving in a satisfactory manner. He was able to sit up a little Sunday.

WOMEN RAISE FUNDS

N. C. OF D. WORK.
The finance committee of the Morgan county organization of the Council of National Defense has the task of raising \$1,000 for the support of the national organization. Ladies of Chapin precinct recently sent in their quota of \$3.75, and funds received from other precincts are as follows: Lynnville, \$18.90; Nortonville, \$21.00; Prentice, \$20.25; Alexander, \$25.95; Concord, \$31.20. Franklin precinct's quota is \$52.35, and more than half of this sum has been paid.

The women of the precincts have followed various methods of raising the funds and are thoroughly interested in the work. As fast as the money is received by the finance committee it is forwarded to Chicago, and members of the committee hope that the precincts which have not completed their work will do so speedily. A number of counties in the state have already completed the task of raising their entire fund. No county was assessed less than \$100 here today.

Mrs. T. H. Buckthorpe is the chairman of the finance committee.

WESTERN U. PLEADS

NOT GUILTY IN COURT

Deny Transmission of Night Letters by Mail Intended for Wire.

New York, July 29.—The Western Union Telegraph Company pleaded not guilty in the federal court here today to indictments brought last week charging with violation of the criminal statutes which forbid the establishment of private express service and the transmission of mail in competition with the government. The company was given one week in today's plea.

The indictments have to do with the Western Union's alleged practice of transmitting by messenger many night letters intended to be sent by wire.

RECEIVER FOR NAT GOODWIN

New York, July 29.—Receiver for the property and effects of Nat C. Goodwin, actor, was appointed in the city court here today.

The receivership is the outcome of a judgment for \$1,696 recently recovered against Goodwin in suits based upon notes given in payment for land near Hemet, Cal., where the actor has a ranch.

YANKEES STILL HOLD APEX OF THEIR ADVANCE

Germans Pay Americans High Compliment

WITH THE AMERICAN ARMY ON THE AISNE-MARNE FRONT, July 29.—By the Associated Press.—The American troops tonight still held the apex of their advance, won after a struggle with the Germans in which the opposing lines moved forward and backward time and again, Sergy on the north bank of the Ourcq changing hands six times.

The crown prince of Germany and his generals paid the Americans a great compliment in bringing up against them two of their best divisions, the fourth guards and Bavarians. They had been held in reserve presumably for the operation.

They had been delayed and reached the army north of the Marne Saturday night. They moved thru the retreating main body yesterday and came into the action early today. They did not replace any of the German troops already in the line but served as reinforcements. The first efforts of the Bavarians and guards were partly successful and the Americans were forced to withdraw from Sergy and a few other positions including the town of Seringes-et-Nesle. But the Germans could not force the main body across the river.

Check All German Rushes

The stream is narrow and shallow and some detachments at times were driven back but always there remained enough Americans on the north bank to check German rushes and in every instance Americans returned to the fray with great spirit. It was a veteran American division and today's opposition to the terrific onslaught made against it justified the confidence of the staff that it was more than equal to anything the crown prince had to offer.

Many Death in Water

There was much fighting actually in the water where the Germans attempted to rush their antagonists to the south bank of the stream. There were times when the blood tinted and muddy stream gave evidence of the violence of the conflict. There were many deaths as a result of slightly wounded men being drowned. It was late this afternoon when Sergy for the sixth time was in the possession of the Americans. At the same time it was reported that every other position held by the Americans Sunday night had been retaken. From other parts of the long line from Soissons around to Rheims come reports of the allied lines everywhere holding and at some points advancing.

Brilliant Cavalry Support

On the American right the brilliant cavalry support of the Frenchmen has contributed materially to the American success.

Today was clear but with light clouds. There was little wind and the weather generally was ideal for aerial activity. Both sides took full advantage of this.

Guns Shell Massed Troop

The heavy guns of the allies, ignoring to a great extent the engagements in progress almost under their muzzles roared with redoubled fury during the day their charges falling among the massed troops and the

BREACH OF RELATIONS DIRECT INFORMATION FROM CONSTANTINOPLE

LONDON, July 29.—"The relations between Germany and Turkey have been severed according to direct information from Constantinople." This announcement is made by the Copenhagen correspondent of the Exchange Telegraph Company.

The excitement against Germany, the advances further say, has been growing, particularly after last week's events.

The Germans recently demanded the Cruiser Hamidieh, the only large ship then in possession of Turkey as compensation for the Breslau, the former German cruiser which was destroyed in the Dardanelles while under the Turkish flag. Despite Turkey's protest the Hamidieh has departed for Sebastopol with the German flag flying.

Express Little Surprise at Dispatch

WASHINGTON, July 29.—While no official notice of the breach of relations between Turkey and Germany—or rather the central powers, for without doubt Austria is involved with Germany in the dispute with the Ottoman government—has reached Washington, officials expressed little surprise tonight at the Copenhagen dispatch received from London saying Germany and Turkey had severed relations. In official circles here for some time it has been realized that in her efforts to serve both Turkey and Bulgaria in the division of spoils resulting from the enforced treaty with Roumania Germany had incurred ill will of both her allies.

Following the conclusion of the peace treaty with Roumania at Jassy, Turkey and Bulgaria claimed much of the territory which Roumania had been forced to cede to her enemies. Included in these claims was the title to the railway running from Adrianople to Deadeagatch, and this has been a source of great contention between the two allied nations. Germany for some time endeavored to induce the two countries to settle this dispute amicably by suggesting that the nation which failed to obtain the railway should receive other compensation.

Belief in Turkey that favoritism was being shown Bulgaria by Germany in the negotiations according to recent dispatches received here caused a rapid growth of anti-German feeling in Constantinople. A shortage of food, weariness of the war and dissatisfaction with the Young Turk party because of its submission to German control recently found expression in Constantinople in food riots and munitions uprisings which have been suppressed by the military authorities.

SWISS SITUATION GROWING GRAVE

Internal Trouble Assuming Grave Aspect Between Labor and Federal Authorities.

Basel, Switz., July 29.—The internal situation in Switzerland is assuming a grave aspect as the result of a conflict between federal authorities and the labor organizations.

Matters came to a head yesterday at a meeting of the Swiss Workmen's Congress, organized by a Socialist committee headed by Robert Grimm, which voted by a large majority that the federal council's reply to the workmen's claims was unsatisfactory and that it further prompt negotiations failed in obtaining concessions a general strike would be called. The congress included representatives of the Railway Men's Union, numbering 16,000, and the federation of officials and employees of the federal department, numbering 60,000. In official circles the situation is regarded as serious.

LOSE ONE SHIP IN 200

London, July 29.—As an evidence of the efficiency of the convoy system since it was established by the admiralty about a year ago, it is pointed out that the proportion of ships lost to those conveyed during that period has been .59 per cent. In other words only one ship out of nearly 200 has been lost.

RIPPLING RHYMS

By Walt Mason

Women Triumphant.
The woman barber is on deck; today she dyed my sideboards blue, and brushed some talcum on my neck, as well as any man could do. Her lily fingers held my nose, she lathered me with queenly grace, and tilted up the brush that grows around the borders of my face. Today I took a little lippy ride, a woman driver held the wheel; she was as business as a bride, and full of business as an ace. And when I offered her in pay a bogus seven-dollar bill, she threw me o'er a stack of hay with most surprising strength and skill. I went to shock some sheaves of wheat, that all the nations may be free; and as I tumbled on weary feet, a husky dame worked next to me. As counsel for James Pritchard Hoss, in court I did my very best; a woman lawyer then arose, and knocked my logic galle west. While I was fighting with my wife, I fell downstairs and broke a thigh; a woman surgeon brought a knife, and fixed me up as good as new. The men have gone to whip the Hun; their wives and daughters stay behind, to see that every duty's done, to carry on the ceaseless grind. Today I thought with whoop and song, I'd celebrate a Hun defeat; a woman peeler came along, and pinched me, on Commercial street. A woman jailer saw me kneel contritely on the prison steps; a woman cook heard my spiel, and put me down for fifteen bones.

AN INTERESTING PICTURE
Miss Josephine Hairgrove has a very interesting picture, taken of a group of legal base ball players away back in the 1870's. Judge Whitlock, in citizen's dress, stands in the center and arranged around him in uniform or players are William Brown, now a Chicago attorney; H. J. McGhee, Felix McAvoy, Lew Hatfield, A. D. Reid, W. J. Bryan, John W. Springer and Jerry Donahue. Mr. Bryan at that time wore a full beard and moustache, which made him look quite different from the man of that name today.

REMARKABLE SERMON AT WESTMINSTER

People Had Opportunity of Hearing Dr. J. H. Elliott Sunday Morning.

Those who failed to attend the services at Westminster church on Sunday morning certainly lost a great opportunity.

The preacher was the Rev. J. N. Elliott, D. D. Supt. of Synodical Church Extension, of Bloomington.

His text was: "By faith the walls of Jericho fell," and his sermon was of the greatest interest. So much so, that, from beginning to end the people listened with the greatest intensity, and a pin might almost have been heard to drop. The preacher practically had the people enthralled by his manner and words.

The speaker illustrated with two stories, one of a dying woman in London, who showed one of its greatest preachers how to "get in" by faith. The other incident occurred in the recent barbarous actions in East St. Louis. There a little Hungarian home missionary had a Presbyterian church right in the heart of the slum, where everything but the church was burned. The pastor faced the mob, telling them he was not a negro, but a Hungarian and his church, Presbyterian, and begged them to come in with him. Some of them did so, finding the preacher's words true, and the church net and pretty and they spared it alone of all the buildings. It was already on fire in two places, but two men climbed to the roof, with a garden hose, and put the flames out.

CANNOT DISTRIBUTE MEDICINE SAMPLES

Council Passed Ordinance at Session Monday—Will Annul Tax Providing for Oiling of City Streets.

At the city council session Monday morning the second reading was given an ordinance prohibiting the distribution of sample of medicine. This ordinance will now become a part of the city code and has been adopted here as elsewhere as a necessary measure. The second reading was given an ordinance presented by City Attorney John L. Reeve, repealing section 8 of the tax levy ordinance. This is the section of the ordinance which provided a special tax for street oiling. The council desires that this tax should not be spread, and the repealing order was therefore necessary.

A statement was made by Mayor Rodgers that Contractor Bretz cannot secure the needed creosote blocks for completing South West street paving from the Kettle River Co., because the plant of this company at Mattoon was destroyed by fire Friday night. This is the plant from which Mr. Bretz has been shipping blocks. However, he has an order in with a company at Lawrenceville, Ind., and hopes to be able to secure within two weeks a shipment of blocks to complete the work. If there is going to be any long delay Mr. Bretz told Mayor Rodgers that he would put down brick and cover them with sand merely for temporary use so that the street can be opened.

The mayor said that it was Mr. Bretz's intention to soon be laying the brick between the street car rails on East State street and that the laying of tar via on South Main street will not be delayed. Also it is the intention to do the work of one side of the street at a time, it is expected that the contractor will complete both sides of the street between the square and College avenue before proceeding with the remainder of the work. This will greatly help traffic conditions in the business district.

Mr. Cox reported trouble with sewers in several parts of the city because of the collection of refuse.

Mr. Cox also reported work done in cutting weeds in certain parts of the city. Burdock have grown up to a very annoying extent in various localities. He made reference, also, to carelessness in the matter of tree trimming by the local corporation having wires in the streets. There are ordinances to cover this matter, and it was the intention of Mr. Cox to see that trimming work is hereafter done in accordance with the ordinances.

Mr. Vasconcellos reported some delay in securing necessary borings for information in connection with the proposed reservoir on account of lack of workers. It is expected, however, that this task can be completed in the course of a few days. There has been some additional trouble with the machinery at the north side wells, and nearly all the men in the water department are engaged in remedying the trouble there. Other matters of business were of minor importance.

E. F. Johnston is in Virginia this morning on business and the Johnston Agency will not be open until one o'clock.

VICE PRESIDENT FOR WOMAN'S COLLEGE NAME

Rev. Charles Nyman Chosen for Post at Strong Commendation of Bishop Nicholson—Entered Ministry After Banking Experience—Now a Chicago Pastor.

Rev. Charles A. Nyman, pastor of Broadway Methodist church, located at Buckingham and Broadway, Chicago, is the newly chosen vice president of Illinois Woman's College. Rev. Nyman accepted the position at the request of the trustees of the college and with the approval of Bishop Thomas Nicholson. Although he will soon enter upon his duties here he will continue as the pastor of the Chicago church until the meeting of the Rock River conference in early October.

Rev. Mr. Nyman came to Jacksonville Monday night for a brief stay and the few Jacksonville people who have already met him agree with those who have known him long that the college is fortunate in having secured him as a co-worker with Dr. Joseph R. Harker, president of the college. Both Dr. Harker and the trustees of the college have for several years felt that some division of responsibility at the college was advisable in the term of active service and for the good of the institution. The quest for a man suited to the position had been in progress, for some time but it was not until recently that the decision was reached, the offer made to Rev. Mr. Nyman and accepted.

The vice president, who is thirty-five years of age, married and has one son, will live at the college home and be most actively identified with all the college interests. Rev. Mr. Nyman has had unusual opportunities for business training thru a somewhat lengthy term of service in the Merchants Loan & Trust Co., bank one of the largest of the financial institutions of Chicago. He left the call to the ministry after completing his training at Illinois Wesleyan. His address in the ministry has been marked and today he holds one of the important pastorates of the Rock River conference, the Broadway M. E. church organization.

In connection with the coming of the new vice president of the college President Harker last night made public the following commendatory paragraphs taken from letters written with reference to Rev. Mr. Nyman.

Bishop Nicholson's Tribute.

Rev. Mr. Nyman is highly recommended by Bishop Nicholson, who writes:

"In my judgment Mr. Nyman is one of the leading young ministers of the Rock River conference. He is already occupying the pulpit of a very important church, the Broadway M. E. church, and I believe that he is destined to be one of the leaders in the conference in a very few years. I deeply regret to lose Mr. Nyman from the Rock River conference for it multiplies my duties greatly to leave so important a charge as the Broadway church, served by so excellent a man, vacant. But I am glad to appoint him vice-president of Illinois Woman's college at the request of the trustees. He will make you a most excellent man. I have no doubt whatever about his success."

An Editor's Opinion.

Dr. Zaring, editor of the Northwestern Christian Advocate, writes:

"I wish to express my heartiest congratulations to you and to the college over the wisdom of the choice you have made of a vice president. Mr. Nyman is already a very forceful character. He is a man of the making and large possibilities inherent in a before graduating at Illinois Wesleyan university he was employed in a responsible capacity in one of the largest banking institutions in Chicago but the call to preach pressed hard and Mr. Nyman yielded. His career has been eminently successful and if he remains in the pastorate he will soon be filling pulpit of the first rank in this conference. Mr. Nyman is what I would call a high class man, a man of fine spirit, a plain, clear thinker and with the ability to express himself upon the floor in public. He has written considerable for the Northwestern Christian Advocate and I find him as facile with his pen as he is fluent in speech. He has the spirit of companionship finely developed. There is a congenial attitude about him that is drawing. He knows how to meet men and he will quickly and comprehensively grasp the new situation, under which he will be placed and he will prove himself an invaluable adjunct to your institution."

In a letter Dr. John Thompson, superintendent of the Chicago Home Missionary and Church Extension society, writes:

"Permit me to congratulate you personally and also the Woman's College in having secured the co-operation and services of the Rev. C. A. Nyman as vice-president of your college. You will find Mr. Nyman a delightful co-laborer and the college will find him a man of unreserved devotion to his life task."

Rev. K. K. Black, pastor of the Woolley Monroe M. E. church, Chicago, says of Mr. Nyman:

"Rev. Mr. Nyman is a scholarly man; a wise administrator, a true brother and a consecrated Christian with energy and purpose. I know that you and all the friends of the college will soon come to love him very much."

Letter from Banker.

F. G. Nelson, vice president of Merchants Loan & Trust Co., Chicago, wrote to E. E. Crabtree as follows:

"Rev. Charles A. Nyman has been very favorably known to me for many years. He was in the bank with us possibly ten years or more and we feel that he received a fine business training here. He is bright, capable and

studious. I am glad to say that he can find a job here any time he wants to come in and hang up his hat. He can do almost anything and do it well. He has a very pleasing personality and always gets on well with his associates. He is a good mixer and is frequently called upon to deliver addresses at various meetings—patriotic, religious and otherwise. I often see his name in the papers in connection with the meetings, and from talks with people who have heard him preach and with his church members, I know that he is working with them and is a real leader."

FUNERALS

Brown.
Funeral services for Prof. George W. Brown were held from the family home, 235 Westminster street Sunday morning at 9 o'clock. The services were in charge of Dr. F. S. Hayden, a long time friend of the family and were simple in character.

Dr. Hayden read passages of scripture and then offered prayer. Mrs. Mabel Matthews Gregory sang "O Paradise," and "Crossing the Bar," with Mrs. Helen Ayers Bullard as accompanist. There were many beautiful floral offerings and these were cared for by Mrs. Vorce Bassett, Mrs. H. P. Samuel, Miss Carrie Dunlap and Miss Grace Carter.

Burial was in Diamond Grove cemetery the bearers being S. A. Fairbank, Thomas Worthington, M. O. Matthews, J. P. Lippincott, Charles H. Smith, John A. Ayers, William D. Wood and H. H. Bancroft.

Black.

Funeral services for J. M. Black were held from the residence of his sons northeast of the city Sunday afternoon at 2 o'clock in charge of the Rev. C. T. Wetzel assisted by the Rev. F. B. Madden. Music was furnished by Mrs. Bridgeman, Mr. and Mrs. Edward Williamson and Charles Rowe. The flowers were cared for by Mrs. J. E. Underbrink, Mrs. Edward Luter, Mrs. Durrell Crum, granddaughters of the deceased. Burial was in Diamond Grove cemetery, the bearers being James Elliott, C. P. Ross, John Minter, L. H. Clement, H. L. Whitlock and William Bourne.

WILL CONDEMN LAND FOR RESERVOIR

A meeting of the joint water committee of city council and citizens was held Monday afternoon, when various matters relating to the land for the proposed impounding reservoir were discussed. The committee has been able to secure leases on some of the property and has proposed for the purchase of other tracts. There remain, however, some pieces of land on which the owners are either unwilling to name a reasonable price or have delayed making any proposal at all. The only course, therefore left is to begin condemnation proceedings. At the meeting of the committee yesterday City Attorney John J. Reeve was instructed to begin the condemnation proceedings as speedily as possible.

ARTHUR BALL TO BE AN ENGINEER.

Relatives of Arthur Ball of 330 East College avenue have been notified that he has been transferred from Camp Taylor, Ky., to the American University at Washington, D. C., to take a course in the engineer corps. Mr. Ball left for camp with the Morgan county boys June 28. His many friends will be interested in knowing about his new work.

GAMBLERS HELD UP IN WESTERN STYLE

Secure About \$200—One Man Accidentally Shot—Another Hit on Head With Butt of Gun—Captured in Litchfield—One of Them Shot By Sheriff.

Working in true western style, three negroes held up a big crap game near the south end pump station Sunday afternoon. The holdup men secured money estimated at about \$200. It is said that several players with bank rolls aggregating several hundred dollars were overlooked by the robbers who only took the money in sight.

Held Up With Own Gun.
The worst part of the hold-up, however, was that it was done with the players' own shooting irons. In the melee Tom Abell got a crack on the head with the butt of a gun. When the robber hit Abell the jar accidentally discharged the weapon and the bullet struck Garfield Clay in the left shoulder.

Clay was taken to Our Savior's hospital where he was given surgical attention by Dr. W. P. Duncan. The bullet was removed and had been flattened out by contact with the bone. Unless some complication sets in Clay will suffer no ill effects.

So far as can be learned the rural crap game was in progress near the pumping station. The three negroes who held up the players had been out the Sunday before and had attracted no particular attention.

On this occasion they were on hand early and had a tub of emerald which they dispensed to the players at five cents per glass. This gave them an opportunity to pass behind the players without attracting attention.

When the game got warmed up and considerably money on the table the order came to "stick 'em up and shell out." It seemed that Tom Abell and a colored man were both toting artillery. They had their coats on and the said artillery was in plain view.

Abell Hit on Head.
When the order was given to stand and deliver Tom reached for his gun but one of the hold-up men standing behind him beat him to it and jerked it out of his pocket. Abell started to get up and the same time saying something to the man. The latter, however, gave Abell a crack on the head with the butt of the gun, hitting him hors de combat. The weapon was discharged with the blow and the bullet struck Garfield Clay in the shoulder. The colored man reached for his gun, but it had already been lifted.

In the meantime the robbers were clearing up. Abell had a number of bills in his hand and some more sticking in his shirt pocket. He was relieved of tabs and the robbers took all the money on the board at the time and that of other players whom they knew had money on their persons. A number who had money but had not shown it saved their rolls.

Robbers Came Here With Circus.
The robbers who came here with the Barnum & Bailey circus, left the show here, and have been working in town since. They were employed for a time by John E. Bretz, the paving contractor, and later by J. Cohen & Son. Mr. Cohen had discharged the men Saturday night.

If they were bad men there is no doubt and probably they would have done still further deviltry had they not shot Clay. After the robbery the men made their getaway, going east toward the Burlington railroad.

Boarded Burlington Train.
The police and sheriff's office were notified and the country in the vicinity of the pump station was scoured by officers under the direction of Commissioner Martin and Sheriff Graft.

Agents of the Burlington railroad and officers in cities along the line were notified to be on the lookout for the three men. The agent at Virden reported the men as going thru there on a coal drag. The officers at Litchfield were notified to watch for the robbers.

About 2 o'clock Monday afternoon Desk Sergeant Kiloran received a telephone message from the Sheriff of Montgomery county that the three men were in custody. The officer told Sergeant Kiloran that the men had been captured after a fight and that one of them had been badly shot up and also run over by an automobile.

Captured at Litchfield.

Sheriff Graft was notified of the capture of the men and accompanied by Deputy Sheriff Kimbrough went to Litchfield Monday afternoon and brought back two of the prisoners, arriving here about 10:30 o'clock Monday night.

The men brought back gave their names as Orville Brindle and Leonard McClure. Brindle is 23 years of age, 5 feet 9 inches tall and very dark. He gives his home as Winstonville, North Carolina. McClure gives his age as 28 years. He is 5 feet 6 inches tall and also black. His home is given as Columbia, Ky.

The third member of the party gave his name as Charles Jackson. He was badly wounded that he could not tell much about himself. Sheriff Graft said that he appeared to be older than either of the other men.

Jackson Desperate Character.
According to the story told by the officers who made the capture he also was the most desperate of the three. When the officers attempted to place him under arrest he showed fight. He was armed with a gun and a running knife and with much of the Jackson had one eye shot out, was shot in the arm and leg and body, and in addition was run down by the automobile which carried his pursuers. When seen by Sheriff Graft on a cot in the jail he was in bad shape and Mr. Graft said it appeared to him that the man's back was broken.

The negroes had a total of \$31 and some odd cents on them when captured. Evidently they had gotten rid of some of it or

else there is some mistake about the amount of money they secured. It is probable, however, that they got more than that and disposed of part of it in some manner.

MR. HUBER WILL GO TO ELCIN SCHOOL

Well Known Member of High School Faculty Has Tendered Resignation to Board of Education.

W. H. P. Huber who has served as physics and agriculture instructor in the local high school sent his resignation to the Board of Education Friday according to a statement of one of the members of the Board last evening. Mr. Huber has been connected with the Jacksonville High school the past nine years, and it will be with great regret that patrons and students learn of his leaving. He has been instructor in physics since his coming to the school and last year when the agriculture course was added to the curriculum of the school he took up the instruction work. He is regarded as a most thorough teacher and has been popular with the students all thru the years.

This fall Mr. Huber expects to enter the faculty of the Elgin High school. This is a very fine advance in the school world as pupils and almost a thousand of the school is one of the best in the state. The change will be made at a substantial salary increase.

B. B. SORRELLS HERE ON FURLOUGH.

B. B. Sorrells, formerly of the firm of Wheeler & Sorrells, garage owners on West Court street, is here for a short furlough from the Rahe Army School at Kansas City. He has been studying in the department that has in it all that pertains to a mechanic and has been an instructor in work on aeroplanes in the electrical department. He took his examination as expert in mechanics as applied to aeroplanes and passed with good marks. He expects to be sent soon to some aviation field. There are in the school now 1735 men who will soon be transferred to other places of usefulness, and 2200 will take their places. He will be obliged to return Wednesday. He speaks highly of the place and treatment received from officers and all persons connected with the school. Dick and Everett Reynolds, William Newman, Jr., of this city; Leonard Rook, of the east part of the county, and two young men from Alexander are in the school and all are doing well.

CANNING DEMONSTRATION GIVEN AT LITERBERRY

The canning demonstration held at Literberry was given in the basement of the First Baptist church yesterday afternoon. There were thirty ladies present and each brought some vegetable to can. The demonstration was under the direction of Miss Wright and was carried out with the purpose of getting as many as possible to can all products they can. Corn and beans have been the most trouble for all housewives and all wanted to learn the various ways of canning these two vegetables.

A water bath outfit was improvised from a wash boiler and was used as was also a steam pressure outfit.

The women of the company showed fine spirit and co-operation in the assembling of equipment and the demonstration of the canning. The church authorities were very kind in turning over the kitchen equipment of the church for the use of the ladies.

SOME GOOD EXAMPLES.

On the shores of a branch or estuary of Lake Michigan is the home of a Chicago millionaire. The land was a swamp when bought and at a great expense was graded and prepared for the present use. The shores were lined with large broken rocks to prevent washing and the whole was transformed into a veritable garden of Eden. There are a good many acres in the place and it is lovely beyond description. The house is almost palatial and the outbuildings are superb.

Recently the owner had a beautiful houseboat constructed so they may sleep out over the water when the weather is hot. The owner is pleasant in his manners; visitors are permitted to wander as they like thru the lovely grounds; he is kind to his help and has many friends. His wife, who is much younger than he, came from the humbler walks in life but wealth has not made her foolish or vain but she is plain and kindly to all with whom she comes in contact. The place has been visited by a number of Jacksonville people and all tell the same story.

In Rock Island lives a lady millionaire who sets an example worthy of imitation. She is Mrs. Susan Dentman Hausberg. Her father was several times a millionaire, member of a firm dealing extensively in lumber and transacting other business. On his death she fell heir to his wealth and retains the place in the firm.

She has ever been interested in others less well off than herself and when engaged in social settlement work met a man of congenial tastes and disposition and they were married when not very young. They have two interesting small children and try are to be envied most truly.

Mr. Hausberg is a lawyer and devotes much time to doing good. Mrs. Hausberg erected at her own expense a costly settlement building to be used by poor children, poor mothers and their babies. Red Cross and other good things. Her firm has given \$35,000 for a home for poor girls to retire to and enjoy a vacation and rest.

She has bought a tract of land and a fine house which she maintains near Pori Byron on the Mississippi river where poor girls may enjoy a vacation in a beautiful summer home. She built and maintains a tuberculosis hospital for children in connection with Lutheran hospital in Rock Island.

A short time since a patriotic movement was set on foot and she led out a band of women and a canvass had been made and the desired fund was still \$4,000 short she drew her check for the amount. The great amount of her quiet, unseen benefactions is alone known to the recipients and her Master and they are many.

Her husband has a band of 75 boys under his special care. A condition is that they attend Sunday school regularly for a year and then he supplies them with uniforms and sets out for a grand time over the land. Mess wagons accompany the party; they hike as they choose, camp by the way, ride some on trains and have a grand time generally and Mr. Hausberg pays all the bills which are by no means light.

Both Mr. and Mrs. Hausberg are plain in dress and ways and approachable by any one. They are too busy to have a summer home and as the scenery all about Rock Island is very fine and grand they don't need to go far away to enjoy nature and have a good time.

ALEXANDER

Porter Corrington who is in the aviation work at Belleville came home to spend Saturday and Sunday with his mother, Mrs. J. B. Corrington at Alexander.

Mr. and Mrs. Bliss Dee and children of St. Louis are visiting at the home of Mrs. Luther Wiley.

Louis Dee of Lebanon is visiting at the home of Mrs. Luther Wiley.

Ruby Little who has been visiting at the home of her aunt, Mrs. J. T. Little at Alexander returned to her home at Camp Point.

Elizabeth Woodman of Jacksonville spent Saturday at the home of J. B. Corrington at Alexander.

Mrs. Hettie Iconogole of near Alexander is very ill at St. John's hospital.

Mrs. Margaret Colwell and Katherine H. Kaiser of Alexander are visiting at the home of her daughter, Mrs. L. S. Griffith at Amboy, Ill.

Mrs. G. W. Foster and Emma Foster spent Saturday at Virden, Ill.

Ada Weigand spent Sunday and Monday with her mother, Mrs. Mike Weigand at Alexander.

Mrs. F. J. Kaiser went to Springfield Monday to spend the day with her mother at St. John's hospital.

Frank Colwell of Alexander had his Ford car struck by a Wabash switch engine Saturday morning as he started across the track. The switch engine was switching backwards and on account of the way in which the crossing is situated he could not see the engine until he got on the track. He endeavored to get off but didn't get in the clear until he was struck by the engine. He wasn't hurt at all but the car was badly demolished.

Miss Greta Looman of Meredosia was in the city yesterday and will shortly depart for Washington, D. C., to take a government position.

ILLINOIS COLLEGE MEN IN WAR DUTY ABROAD

Friends and former acquaintances of the men on the Hill will be interested in the following alphabetical list of graduates and former students of Illinois College and Academy, who are already on foreign soil or shipboard in active service for their country.

The names given are those which have so far come to the college office and it is entirely probable that the list is incomplete. With the present rapid and continuous transfer of our troops abroad, it is more than likely that some departures have not yet been reported. From now on the list is bound to be continually growing and readers who may discover omissions in the one here given or alterations to be made in the military assignments and addresses will confer a favor by reporting them (and in writing, so far as is possible and convenient) to the president's secretary or to Dean Hayden.

RODNEY B. SWIFT IS SUPPORTING M'CORMICK

State Senator in Waukegan Speech Made His Position in Senatorial Race Very Clear.

Speaking at Waukegan July 23, State Senator Rodney B. Swift said:

"Mr. Foss has been my personal friend, but Mr. McCormick is the strongest man of those who are presented to the consideration of Illinois Republicans for the Senatorship. I know of no spot in Mr. McCormick's record that disqualifies him. He is the candidate the Republicans of Illinois should support. Unequivocally and wholeheartedly, altho I am in Congressman Foss' district, I say that Mr. McCormick ought to be nominated by the Republicans in September and elected in November."

NOTICE.
Farmers, Elevators and Mills.

A farmer may exchange at mill or elevator wheat grown by himself, for flour without substitutes, but is not to take out more than sufficient to provide eight pounds per month for each person in his household or establishment, until October 1, 1918, providing that he sign a certificate at the elevator or mill making promises as to use of same; also to sign a pledge to the effect that he will use the required substitutes.

Owners of farms renting same on shares are not entitled to the privilege of exchanging wheat for flour.

These certificates must be held by mills and elevators for inspection of the U. S. Food Administration.

M. F. Dunlap, Food Administrator.

WILL GIVE NURSES SPECIAL TRAINING

Local Clinic to Co-Operate with Anti-Tuberculosis Association—Class of Nurses will Come Today.

That the work of the Jacksonville Tuberculosis Clinic is of a very high standard is shown by the fact that the Jacksonville clinic has been designated as one of those that will work in connection with the State Tuberculosis Association for the training of nurses to do community nursing in the state of Illinois.

Special Community Training.
On account of the very urgent need for community nurses throughout the state of Illinois, due to the heavy drain of the American Red Cross and the increase in war time health activity, a special course of community nursing has been started in Springfield, and the Jacksonville clinic is to take one nurse every three weeks, where she will receive actual nursing experience.

The course is conducted by the state department of public health, the state department of public welfare and the Illinois Tuberculosis Association, of which Dr. George T. Palmer, of Springfield, is president. The course is open to graduate nurses only and those who will agree to engage in social service work in Illinois after the completion of the course.

The entire class will arrive this afternoon over the Wabash, from Springfield, under the direction of Miss Eleanor Gillespie, to spend two days visiting the state institutions and the Morgan county clinic. After the visit Mrs. Ruby F. Dickerson, of Taylorville, will remain in Jacksonville, where she will get her three weeks' field work under the direction of the Morgan county community nurse, Miss Mattie E. Coale.

Two Lines of Work.
The course is divided into didactic and field instruction. Two weeks will be spent in Springfield and it is then the desire of the department to place the nurses who belong to this class in the smaller communities throughout Illinois, of which Jacksonville clinic has been selected as one, to do work for a period of several weeks with experienced community nurses.

This course is regarded as one of the most important phases in constructive health work that has been inaugurated in the state, and just at this time it can be seen that it is a very important bit of service, since whole communities will be expected to participate in the physical reconstruction of returned soldiers after they are discharged from the army, and this must be done by qualified community nurses to a large extent.

RETURN FROM TRIP TO NORTHERN ILLINOIS
Sheriff and Mrs. Graff Visited Great Lakes Station and Cantonment—"Buster" Mahoney Placed in Glenwood Home.

Sheriff and Mrs. Graff have returned from a trip to the northern part of the state. They left Jacksonville in their Ford car last Wednesday, taking with them "Buster" Mahoney, who was placed in the school for boys at Glenwood. They left Jacksonville as rain was falling, going directly to Springfield. There Sheriff and Mrs. Graff spent an hour or more with their daughter, Mrs. Byron Graff, and infant son. In the afternoon they drove to Pontiac and the following morning, with rain still falling, started for Chicago and in the afternoon reached Glenwood school. There are 300 boys at this school, and it is believed that the surroundings will be very helpful to the Jacksonville lad.

From Chicago Mrs. Graff went to Geneva to visit her sister-in-law, while Sheriff Graff went to Dixon to attend sessions of the state convention of the Sheriff's association. There were forty sheriffs from all parts of the state in attendance. One afternoon of the convention was devoted to a trip to Camp Grant, where the visitors were shown various interesting departments.

The day following Mr. and Mrs. Graff returned to Chicago and drove to Ft. Sheridan and to the Great Lakes Naval Training Station, which they found exceedingly interesting. Late that afternoon the Jacksonville travelers drove from Chicago to Odell and spent the night. They were guests at the home of an old German lady who had demonstrated her patriotism by the fact that she has three sons in the war and two more that are soon to go. Sheriff Graff told her that he had only one son and that he was overseas.

Sheriff and Mrs. Graff reached Jacksonville Sunday night at 7 o'clock, after one of the nicest automobile trips they have ever taken. They did not have a puncture or blow out and found the roads nearly all the way in excellent condition.

General Horvath Issues Proclamation.

VLADIVOSTOK, Sunday, July 28.—(By The Associated Press.)

A proclamation issued by General Horvath who recently assumed the dictatorship of Siberia was published here today. It orders all official administrative, judicial and financial and other departments in the maritime province to take up their duties, referring where necessary to General Horvath's cabinet. Many of the departments have been in abeyance for some months. The order may force an issue between the government of General Horvath and the provisional Siberian government.

Writes Admiration for American Achievement.
Amsterdam, July 29.—Returning here from a visit to France a correspondent of the Handelsblad writes a long article of enthusiastic admiration for American achievements and concludes:

"From America issues a force against which no European nation can stand. It is a gigantic force which is developing calmly and scientifically.

"The German people are told that the U-boats will be able to capture the American danger but the German people have not seen what I have seen."

Czecho-Slovaks Occupy Schmukova.
SHANGHAI, July 29.—(By The Associated Press.)

The Czecho-Slovaks have occupied the town of Schmukova, according to a despatch from Vladivostok. They captured several machine guns, together with shells, hand grenades and poison gas, apparatus and 200,000 cartridges.

Official Despatches Show Substantial Progress.
WASHINGTON, July 29.—Official despatches to the War Department Secretary Baker said today show that the Allies made substantial progress on both sides of the Soissons-Rheims salient Sunday.

"It is fortunate that our people accept the present successes with true measure of the significance," said Mr. Baker. "They are a cause for congratulation and rejoicing, but in no wise will mean a relaxation of our effort."

Berlin Reports Failure of Attacks.
BERLIN, July 29.—Via London.—Severe attacks against our new positions west of Fere-en-Tardenois failed with sanguinary losses for the enemy," says the official report from general headquarters this evening.

British Troops in Successful Operation.
LONDON, July 29.—British troops last night carried out a successful operation in the Mor-

lancourt sector, the war office announced tonight. The British took all their objectives and three German counter-attacks were beaten off with loss to the enemy. The text of the communication follows:

"In the successful minor operations carried out by us last night in the Morlancourt sector we captured 143 prisoners and 36 machine guns. All our objectives were taken and three counter-attacks were beaten off with loss to the enemy."

The communication admits that on the night of July 26-27, still in accordance with the plans the Germans evacuated the front line between the Ourcq and the Ardre and also shifted their defense to the region between Fere-en-Tardenois and Ville-en-Tardenois, without the knowledge of the Allies."

The communication follows: "Partial attacks launched by the British north of the Lys were repulsed. Partial attacks in the afternoon Sunday by the enemy north of Villenotiere which were preceded by violent artillery duels were repulsed by counter-attacks."

"On the night of the 26-27th, according to plans, we evacuated our front fighting zone between the Ourcq and the Ardre to a certain extent and shifted our defense to the region between Fere-en-Tardenois and Ville-en-Tardenois. Our movements remained unknown to the enemy. On the 27th the enemy's artillery fire was still directed on our old line. Rear-Guards prevented his troops, who not until the afternoon felt their way forward hesitatingly, from occupying without fighting the territory given up by us."

"Yesterday the enemy's infantry under strong artillery protection endeavored to work its way up to our new line. Weak detachments which had been left in the forefield received the enemy at close quarters and inflicted considerable losses to him."

The German artillery which has been in position since the previous day and battle planes found good targets in enemy's advancing columns and tanks.

"Our forefield guard after fulfilling their tasks fell back to their lines in accordance with orders by strong attacks by the enemy. At and southeast of Fere-en-Tardenois the enemy's attacks several times were renewed and led to violent combats which ended in the repulse of the enemy."

"In this fighting Prussian regiments under General Raehlein which already had distinguished themselves on the heights of Chateau Thierry and since the beginning of the battle almost daily had frustrated assaults by French and American divisions, again especially distinguished themselves yesterday."

EXEMPTION BOARD NEWS
Ralph L. Bartlett of Jacksonville was examined by the medical staff of the local board Monday and accepted for general military service. He will leave Thursday morning for Camp Taylor with the Morgan County contingent.

The registration of Carlos Tedeschi has been cancelled owing to the fact that he is over the draft age and registered thru a misunderstanding.

Floyd J. Heckel of Jacksonville has been offered special induction into the quartermaster corps. He is a limited service man and if he desires to accept will be inducted into service at Pontiac.

Clifford Holler of Jacksonville and George Edward Flinn of Murrayville, both registered men of Morgan county, have enlisted in the United States navy.

Francis Baird Gunn, a 1918 registrant, has waived right as to time to go to camp, and has requested that he be sent to Camp Taylor Thursday with other Morgan county boys.

Oscar Lee Earls of Waverly and M. Raymond Smith of Concord who were ordered to report August 1st, have been rejected for general military service and will be used only in calls for limited service men.

The following 1918 registrants were examined by the local board Monday with the results as stated herewith:

DEATHS

Jackson.

Miss Viola Jackson died at the home of her parents, Mr. and Mrs. T. L. Jackson in Waverly Monday morning at seventy three o'clock. The deceased was born in Waverly in 1899 being 18 years old at the time of her death. She had only been sick a short time, and only seriously so since Friday.

Miss Jackson was employed by the Waverly Journal for the past year and a half. The deceased is survived by her parents, and three sisters, Alta, Ruth and Freda and four brothers, Leon, Harry, William and Walter.

Funeral arrangements have not as yet been announced.

Simpson.

Monday morning at 10 o'clock the relatives and many friends of Mrs. Walter L. Simpson gathered at her home on North Church street to pay their last tribute of respect to her whom thru the years they had known as friend.

George Harney, a cousin of Mrs. Simpson, and a life long friend of the family, fittingly spoke of her long life of Christian service, bearing with patient the many months of suffering which she had been called upon to bear, her influence for good upon all those who knew her as a friend and for her giving to the world a Christian son and daughter.

Rev. Davis W. Martin of Patterson, N. Y., a son-in-law of Mrs. Simpson, read the 23rd Psalm and a portion of the 14th chapter of John. These chapters had always been a never failing source of comfort and strength thru the many months of suffering which was Mrs. Simpson's lot.

In the prayer Rev. Martin offered he spoke of the loss that would be felt by those who knew her as a friend and the keen loss that would be felt by those who knew her best as wife and mother.

Rev. Martin spoke of the privilege that had been his of becoming a member of her home circle, and that as he had known her thru the years, years often broken by pain and suffering, she had never forgotten the words of cheer and comfort, the planning for the pleasures of others, the little acts of love, which only a wife and mother can bestow.

Her place can never be filled, but the sorrow of earthly separation is made less hard to bear, and has its source of comfort in the memory of her patient bearing of all her crosses, her living close to the Father of all; her love and devotion to her home.

Miss Fern Haig, Miss Edith Carlson, Herbert Henderson and Charles Mathis, by their singing

expressed the thought contained in the hymn, "Beautiful Isle of Somewhere," that "somewhere for her the sun was shining, somewhere her task was done."

Miss Fern Haig by her singing of "Face to Face" conveyed the thought that now she was with Him, whom she had loved and served thru life; that now she saw Him "Face to Face" and would dwell with Him for evermore.

Many gave as their expression of love and respect and as their message of comfort beautiful sprays of flowers, expressing in this manner the deep feeling of their hearts which words could not express. Mrs. Frank Plouer, Mrs. George Peck, Mrs. James Minton, Mrs. Jean Curtis, Miss Melba Anderson and Miss Alpe Mathis tenderly banded Mrs. Simpson's last resting couch with these messengers of love, and carefully placed them over her body.

At Diamond Grove cemetery, in the calm and quiet of the morning, amid beautiful flowers, surrounded by friends and loved ones C. C. Phelps, Harry Furry, George Douglas, Frank Plouer, Charles Minter and A. M. Brown of Quincy tenderly laid her to rest, to wait at the peaceful river for the home gathering of those whom she had loved and ministered to on earth.

Driffield.

Relatives here have received word of the death of Mrs. Thomas Driffield which occurred at her home, 720 West Seventh street, Joplin, Mo., recently. For many years she was a resident of Jacksonville her husband being one of the best known drygoods salesmen in this city. He was employed by James T. King at the Trade Palace for many years. She is survived by her husband and the following children Mrs. F. E.

When Was Your Battery Tested?

How long has it been since you had a line on the inside condition of your battery?

A month? Six weeks?

If it's any more, you're taking chances.

Don't you want to know it if you're starving your battery—or mistreating it?

There's only one way to tell—by test. You can make it yourself or we'll do it free.

We'll be glad to show you the "How" of this sample test, and to tell you about Threaded Rubber Insulation—the most important battery improvement in years.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations, and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, it's the assimilation of Food; giving healthy and natural sleep. BOSTON WINS BY NINTH INNING RALLY

Pinch Hitter Starts Rally Scoring Two Runs Defeating Chicago 3 to 2—Pittsburgh Takes Second From New York—Other National League Games.

Boston, July 29.—National.—With two out in the ninth, pinch hitter Bass, who joined Boston today, from Richmond, singled to left, Herzog singled to center and Taggart's triple, which Flack misjudged, scored the two runs necessary to give Boston a 3 to 2 victory over Chicago. Northrop, from Indianapolis, pitched the last two innings for Boston.

Banish That Headache

Many persons suffer with backache every morning. They think maybe they have laid in a cramped position or else got a little cold. More than likely the backache is due to their kidneys, and the timely use of Foley Kidney Pills is just what is needed for quick relief.

Mrs. J. D. Miller, 601 Gifford street, Syracuse, N. Y., writes: "I suffered with kidney trouble and rheumatism. I had a severe backache and felt miserable and all played out. I bought some of Foley Kidney Pills and after taking two bottles, I can say my backache is gone, and where I used to lie awake nights with rheumatic pains, I can now sleep in comfort. Foley Kidney Pills did wonderful things for me, and I recommend them to all my acquaintances and friends." For backache, lame back, stiff swollen joints, rheumatic pains, headaches and nervousness due to kidney disorders, Foley Kidney Pills are quickly effective, tonic and most satisfactory in results. Try them.—Adv.

WOULD PLAY WORLD SERIES IN AUGUST

Johnson Favors Closing Series. August 20, Then Playing World Series.

Chicago, July 29.—Closing the major league schedules about August 20 and staging the world's series immediately thereafter is now favored by President Ban Johnson of the American League to comply with Secretary Baker's work or fight order.

President Johnson tonight sent a bulletin to the American League owners asking their approval of the plan, which, it is understood also is under consideration by the National League.

Closing the season August 20, would leave eleven days in which to prepare for the world's series and still obey Secretary Baker's order to disband September 1.

There has been talk of continuing to Sept. 1 or even the day following which is Labor Day, a legal holiday but Mr. Johnson is strongly opposed to any subterfuge of the sort. He is in favor of the world's series, but believes it should be played within the time limit placed by the secretary of war for the suspension of the sport.

INDEES SWAMPED AT DECATUR SUNDAY

Frank Smith's Indees were swamped at Decatur Sunday by the fast Staley team. The Staleys have a bunch that could easily make it warm in a fast minor league.

They simply toyed with the locals and when the final score was hung up it showed 15 runs for the Staleys and nine large round goose eggs for the Indees.

The pitching for the Staleys was far better than that encountered so far this season by the local boys and they were unable to fathom it. Only three hits were secured. Of these Briggs got two and Christopher one.

Ragged work in the outfield was responsible for a number of the Staley runs. The Indees' infield worked without a hobble, Denny having nine chances at second base. The score:

TIMELY HITTING WINS FOR WHITE SOX

Single by Good and Double by Schalk Wins Extra Inning Game—Boston Defeats St. Louis—Other American League Games.

Chicago, July 29.—Without Good's timely single which followed Schalk's double broke up an extra-inning game today in the thirteenth inning and gave Chicago a 1 to 0 victory over Washington, with Walter Johnson on the mound for the visitors.

Harper who went eleven innings for Washington permitted only two hits, but gave way to Johnson as a pinch hitter. Benz was in danger several times, but some great fielding by J. Collins, Risberg and Gandil came to his aid.

FAST TIME SHOWN AT COLUMBUS MEET

COLUMBUS, O., July 29.—With the free-for-all pace and the Elks Home 2:05 pace purse \$3,000 as features, the mid-summer Grand Circuit meeting opened here today.

William, in fine form, defeated Single G. his serious rival, by winning the first two heats, pacing the opening one in 1:59 1/4 and making an easy finish.

A shower in mid-afternoon delayed racing for nearly an hour and slowed up the track.

The 2:09 trot and 2:05 Elks Home pace were completed after the rain, but the 2:17 trot was postponed to Tuesday.

BIRTHDAY SURPRISE PARTY AT ASHLAND

Mrs. Rebecca Baldwin Treated to a Surprise on 78th Birthday—Other Ashland News Notes.

Ashland, July 29.—Mrs. Rebecca Baldwin was agreeably surprised last Friday, July 26, 1918, on the occasion of her 78th birthday. The number of 25 were in attendance and it was a very interesting event. A bountiful dinner was spread at the noon hour, a real patriotic dinner, such as Mr. Hoover would have enjoyed had he been fortunate in being one of the members. One item of the menu which deserves mention was a delicious pie baked by Mrs. Sorrels who is 84 years old. Eight of the ladies present have been close friends of Mrs. Baldwin for many years, their ages ranging from 72 to 84 years, while some of the younger members had known her since childhood days.

Miss Garnet Carter entertained in honor of her house guests, a number of young girls last Tuesday afternoon at her country home. The house guests were Misses Clarissa Barnes of Springfield, Almeda Hood of Beards-town and Olive McDaniel of Ashland.

L. E. Adams and granddaughter, Miss Etta Spears, are spending a few weeks with relatives at Springfield, Mo.

Mr. and Mrs. Will H. Plunkett of Phoenix, Arizona, visited with friends here last week.

Mrs. Kate Hite of Pensacola, Florida, is visiting Mrs. M. J. Cross.

Mr. and Mrs. Walter Hart visited relatives at Virginia several days last week.

Albert Allen, an Ashland soldier boy located at Little Rock, Ark., is visiting home folks here.

Profits and Prices

Profits may be considered from two angles:

- 1st—Their effect on prices;
- 2nd—As a return to investors.

When profits are small as compared with sales, they have little effect on prices.

Swift & Company's profits are only a fraction of a cent per pound on all products sold, and if eliminated entirely would have practically no effect on prices.

Swift & Company paid 10 per cent dividends to over 20,000 stockholders out of its 1917 profits. It also had to build extensions and improvements out of profits; to finance large stocks of goods made necessary by unprecedented requirements of the United States and Allied Governments; and to provide protection against the day of declining markets.

RAIN AND COOLER

WEATHER LOWERS CORN
CHICAGO, July 29.—On rains
and breaking up of the hot wave
in the south-west corn at the close
today was 2 1/4 to 2 3/4 net lower
with August \$1.52 and Sept.
\$1.53 to 1.55. Oats finished 1c
to 1 1/2c down. In provisions, the
outcome range from 20c decline to
2 1/2c advance.

Corn traders devoted chief at-
tention to moisture reported in
every state in the belt. More than
an inch at many places. Further
more temperatures that had drop-
ped to seasonable figures. Cheer-
ing war news and continued lib-
eral receipts added to the bearish
sentiment.

Oats weakened with corn. Re-
ceipts from the new crop were
larger. Hog market strength lift-
ed on provisions, but subsequently
was more or less offset by the
weakness of grain.

LITERBERRY CHURCH HAS LAWN PARTY

Was the Result of Contest Between Sunday School Classes—Other Literary News

Literberry, July 29.—A class contest was begun last January in the Baptist church, which closed last Saturday in a lawn party, at Bonnie Doane Cottage. This was between the boys and girls of the two classes taught by Mr. John Daniels and Mrs. Warren Daniels. The requirements were, to bring in new scholars, suggest new plans, and do all possible to improve and advance the interests of the school, they receiving point according to the quality and amount of work performed. Those receiving the greatest number of points to be entertained by the ones receiving fewer points. The boys got 1,200 points and the girls 1,150. Saturday afternoon was the appointed time for the affair and the girls marched bravely to the fray, bringing all kinds of good things to eat, among them, plenty of ice cream and cake. The boys saw they had a delightful time and so did the girls.

The Literberry Mission Circle met on Friday afternoon at "The Ivy" with Mrs. M. M. Crum.

The following was the program: Proverbs 22—Read by Mrs. Warren Daniels.

Prayer—Mrs. John Guy.

Song—Reading—Missions in Japan—Mrs. John Guy.

The Study Book: "The Mofats" was taken up and four chapters were read.

Refreshments were served, a good offering was taken and the meeting closed. This society will hold an open meeting at the church in September.

Mrs. Louise Ray is visiting in Jacksonville.

Rev. W. W. Smith of Greenfield, filled his regular appointment Sunday morning and evening.

The morning text was "The Sowing and the Reaping," Eccl. 1-1.

S. W. Nichols of West College street, Jacksonville, spent Friday at Sunshine Cottage and during the day's conversation, pleasant associations of bygone days spent together in Yellow-stone Park and other noted western places, was remembered and spoken of.

Mr. and Mrs. Sidney Stith of Petersburg came down Sunday and visited with Mr. and Mrs. William Decker.

Some of our people attended the funeral of John Black on Sunday afternoon, which was held at "Wild Wood" the home of Mr. and Mrs. James Black.

SOLOMON HART TALKS OF EARLY DAYS

Pioneer Franklin Resident Talks of Prices of Other Days Prices of Wheat Small Now Compared to Civil War Days.

Rev. Solomon Hart of the vicinity of Franklin was in the city recently and fell into a reminiscent mood while talking to the writer. The worthy gentleman said:

"In 1861 my brother wanted a suit of clothes and hauled a load of wheat to Alton and sold it for fifty cents a bushel. What his clothes cost I don't remember as I was a boy then and didn't have occasion to pay close attention."

"My father, Solomon Hart, for whom I am named, bought the first corn planter, a Brown, ever used on Hart's prairie. It was the old style requiring a second person to ride and work the dropper. In 1865 I hauled a load of wheat to Jacksonville and sold it for \$3.35 a bushel. It had been as high as \$3.65 that year but had gone down some at the time I sold. In 1866 I bought of Edwin Hayden, who had a shop on South East street, just south of Morgan street, a wagon and it was good one. It cost me \$150, and I paid for it with money I got for wheat which I hauled to Jacksonville and sold for \$2.05 a bushel, about what we are getting now. That was a good wagon and did splendid service."

In 1871 I began housekeeping and came to Jacksonville to buy a stove. I had been looking around some and finally came across a young man named Nichols who showed me what goods were in the store with which he was connected and strongly recommended a Charter Oak pattern which I bought paying him \$26.00 for a number seven and it was indeed a good one and served us for a good many years and really my wife disliked to give it up for a larger one later on.

"In 1880 my father bought of D. W. Fairbank, a Walter A. Wood binder for \$305, one of the first twine binders made. His neighbor bought one of the wire binders but didn't use it long. The one bought of Mr. Fairbank did good service. I have but one brother left and he lives in California. I am the youngest of the family and have lived in this county most of my life and have seen many changes."

The name Hart has a good record in the vicinity of Franklin and Hart's Prairie. All elderly persons will well remember "Uncle Billy" Hart, the Baptist preacher, who was so badly used up in the cyclone of 1880 at the time J. B. Beckman's house was demolished and his little daughter killed. Mr. Hart was a guest there at the time.

Speaking of the price of wheat in the days immediately following the Civil War, the writer well remembers when flour sold for \$17.00 a barrel. The members of the Hart family have well done their part in the development of the country and will be remembered among the worthy pioneers who did so much to prepare the way for future generations.

The Edwin Hayden mentioned was a brother of the late George Alfred and Charles Hayden. Mrs. George Deitrich of Concord and Miss Abbie Hayden of this city are his daughters. He disposed of his carriage and wagon shop and with his brother Alfred carried on a store on the west side of the square for some time.

FRANKLIN CHILD DIED SUDDENLY

Charles Alex Dabbs Succumbs to Attack of Pulmonary Oldema—Coroner Rose Held Inquest.

Charles Alex Dabbs, son of Mr. and Mrs. Alex Dabbs of Franklin died suddenly at the family home Sunday night about 12 o'clock after only a few hours illness.

Circumstances were such that Coroner Rose was notified and held an inquest Monday. The jury was composed of Will C. Hart, foreman, W. N. Luttrell, clerk, A. A. Beaurup, George W. Tribble, Frank Reagal and C. L. Austin.

The testimony of Dr. J. B. Perkins, Dr. F. H. Metcalf and Lola Dabbs was heard. Dr. Perkins testified that he was called to see the child about 7:30 o'clock Sunday evening. He found the boy suffering greatly. About an hour later witness said he returned to the Dabbs home. The child's condition was so alarming that Dr. F. H. Metcalf was called in consultation. They worked with the patient about two hours but their efforts were unavailing and death finally came. It was the opinion of the witness that death was caused by pulmonary oldema. Remote cause being probably acute indigestion. The testimony of A. B. Metcalf merely substantiated that of Dr. Perkins.

The testimony of the child's parents was to the effect that he had been seized with an attack of colic Saturday night. It was not regarded as serious and the mother applied some simple home remedy for relief.

After hearing the testimony the jury returned a verdict in accordance with the facts as brought out in the testimony.

ORDERS ENTERED IN CIRCUIT COURT CASES

Judge Jones Presided in Circuit Court Monday—Local Option Law Violators Summoned to Appear Sept. 21.—Orders Entered in Pending Cases.

Judge Jones was in the city Monday to preside in the circuit court and to enter final orders in a number of pending cases. In the course of the afternoon State's Attorney Robinson filed a petition in the proceedings of Edward J. Brundage et al. vs. Walter S. Haxton, Kate Haxton and James Servance, alleging that they had violated a pending injunction and should be cited for contempt. After hearing the petition Judge Jones entered an order summoning the defendants to appear Sept. 21 and show cause why they should not be prosecuted for contempt of court.

In the proceedings the state's attorney recited the fact that a temporary injunction issued against the defendants prohibiting them from selling liquor at a certain property was still pending. It was shown furthermore that since the issuance of this injunction that the defendants had taken out a new federal license to protect them in the sale of liquor.

PRECEPT AND PRACTICE.

When Rev. W. H. McGhee, pastor of the M. E. church at Murrayville, takes for his text, "Go to the ant, thou sluggard; consider her ways and be wise," or "Seest thou a man diligent in business? He shall stand before kings; he shall stand before men," or "Not slothful in business; fervent in spirit; serving the Lord," his people will hardly say to him, "Physician heal thyself," for in the south part of town cultivated by the reverend gentleman himself. It is well nigh a model of its kind; sweet corn of various ages; some in roasting ear; some two weeks later and so on. Then, there are cabbages, turnips, beans of various kinds, potatoes and different sorts of vegetables almost enough to feed a dozen families. The worthy gentleman may be depended on to make good use of his war garden and see that all it produces in the season goes to help win the mighty conflict.
